

SS-400-WFE

Air Volume: 400 to 700 CFM

Weight: 50lbs to 100lbs

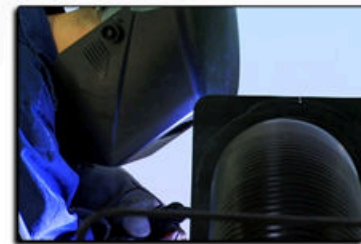

Shown with optional features

The Sentry Portable Welding Fume Extractor combines small size, quiet operation, convenient mobility, and high efficiency HEPA filtration to provide an excellent choice for applications where clean air is desired.

The patented fan/filter assembly provides strong suction at the inlet delivering source capture for welding operations. The modular design and sturdy construction make it a solid solution for your welding, manufacturing, and soldering needs. This highly mobile unit can be equipped with an optional handle for convenient portability and a magnehelic gauge to monitor filter conditions.

WITHOUT SS-400-WFE
