

*Air Volume: 80 CFM
Weight: Approx 8 lbs*

In stationary applications where it is important to capture and entrain airborne fumes down low at the work surface level, the Solder Sentry may be an excellent choice, especially for solder fumes or solder smoke.

By utilizing the optional adjustable height stand, source capture of soldering fumes for elevated operations such as solder pots can be provided as well. With its specially constructed HEPA filter, the Solder Sentry offers an effective, quiet & economical solution for many bench top operations.

Features

- Lightweight & Compact Size
- Sturdy Steel Cabinet
- HEPA Filter - Up to 99.97%
- Durable Construction
- Optional Hour Counter

Technical Specifications

| Overall Dimensions | Cabinet Material | Electrical | Sound Level |
|----------------------|--|-----------------------------|-------------|
| 8" D 8" W 8" H | 16 ga Carbon Steel w/ Polyester Epoxy Coating on Surface | 115/1/60 Approx. .3 amps | 62 dba @ 3' |
