

Made to be mounted directly on the equipment, this unit is a powerful air cleaner for use with mist collection on enclosed machinery. The compact mist collector may be an excellent choice for systems that have coolant, water, and oil mist applications.

With strong suction modulated by the convenient variable speed controller, this unique patented device offers high efficiency and reliability combined with low power consumption, low maintenance, quiet operation and economical installation and usage.

Sentry Air's mist collector can provide an effective and economical solution for many commercial, manufacturing, and industrial mist applications.

Features

Lightweight & Compact Size
Mist Collector Plenum
HEPA or Other Filters
Variable Speed Controller
Durable Construction

Options

Hour Counter
Magnehelic Gauge
Variety of Mounting Options
Various Filter Options

Technical Specifications

Cabinet Dimensions	Cabinet Material	Electrical	Sound Level
13" D 13" W 20.75" H	16 ga Carbon Steel w/ Polyester Epoxy Coating on Surface	115/1/60 Approx. 2 amps	61 dba to 66 dba

Limited one year warranty from date of shipment on defects due to materials or workmanship.
All specifications are nominal and subject to change without notice.
Not intended for explosive or highly combustible applications.
